

MINI PROJECT

LAUNDRY COIN

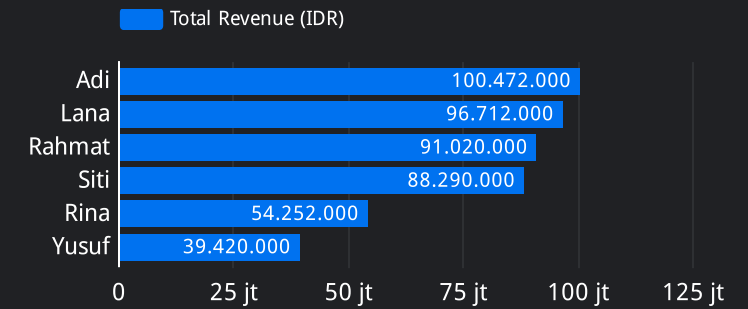

Guiding Questions to Explain Laundry Coin Data Visualization

1. How does our monthly revenue grow across all outlets?
2. Which outlet contributes the most to overall net profit?
3. What laundry package is most popular among customers?
4. Who is the top-performing PIC in terms of business output?
5. When do we experience peak or low sales periods throughout the year?
6. How evenly are customer transactions distributed among different packages?
7. Which location shows the most business activity?
